International field project is an elective which helps our students understand business dynamics in different economies by visiting companies and institutions, and also speak with CEOs and top management of the visited companies.

## Case-Based Approach

The HKU MBA programme adopts an experiential-learning approach, with the extensive use of business cases that enables students to become effective problem solvers and decision makers. These cases are written by our own professors and are published by our renowned Asia Case Research Centre (<https://www.acrc.hku.hk/>).

## Networking and Bonding

Networking opportunities are one of the highlights of the programme. Students studying the GBA (HK-SZ) mode will experience networking and bonding opportunities alongside the Hong Kong Part-time mode and alumni when travelling to the city for their courses and workshops. Additionally, HKU MBA colleagues who are stationed at the Shenzhen Centre will also organise events regularly for students based in the Greater Bay Area to mingle with students from other Masters programmes and alumni under the business school.

## The London & New York Connection

There is a possibility for you to spend a semester at London Business School or Columbia Business School which offer great environments for business education along with international exposure.
